

# ATTILA KEREKES

## PROFILE

I am a dedicated and ambitious, committed to continuous self-improvement and professional development. I strive to identify the most efficient solutions to problems and consistently seek opportunities to enhance my knowledge and skills. I am very cooperative with others and humbly complete my share of the workload, ensuring that team goals are met effectively.

## EDUCATION

### **STREDNÁ PRIEMYSELNÁ ŠKOLA STROJNÍCKA A ELEKTROTECHNICKÁ (SECONDARY INDUSTRIAL SCHOOL OF MECHANICAL AND ELECTRICAL ENGINEERING)**

2018-2022

Received fundamental knowledge of programming, machinery, mathematics, physics and 3D modeling.

### **SELYE JÁNOS UNIVERSITY**

2022-2024

Completed 4 semesters, learned new programming languages, UI / web designing, managing databases, robotics and completed every mathematics class the university had to offer.

## SKILLS

I am capable of writing programs in C, C#, Python, Java and Perl. Can design websites using HTML, CSS and Javascript. Establish databases, use different graphic designing, video editing software. Make beginner 3D models in Blender, however I still hone my abilities in 3D modeling.
